poolesville_hacks
judge debrief

Thank you for expressing interest in judging for poolesville_hacks.

objective

The objective of judging is to provide a business pitch-like experience to our participants and strengthen presentation skills among the participants.

how it works

Each team will be required to pitch their project to a panel of 1-3 judges and answer a question from each judge after the presentation (~5min) . Then, the team will be graded against the rubric found on page 3.

schedule
